Silver Sneakers

RE: Steel Feather Program

To Whom it May Concern:

Please let this letter inform you that Steel Feather started in our community beginning May 1, 2018.

Since the inception of the program the Senior Residents of Sierra Dawn Estates have done nothing but rave and express gratitude for the services, classes and education that program has offered to the community at large.

The teachers that conduct the individual classes have been more the courtesy and patient to the Seniors who are new to the program.

We appreciate the program to no end and express our gratitude for the opportunity for this to be held in our community.

Sincerely,

Sierra Dawn Estates HOA
